

PondMate Pumps

Circulation Pumps

P Series

P Series

The submersible Circulation Pump offers an extensive range, with the ideal pump for the smallest water garden to larger features.

Ideal for fountains, water features and hydroponics.

PM4800P

Advantages

- Durable construction
- Features flow control adjuster
- Energy efficient
- Optional in-line use
- Easy installation
- PM250P –PM550P come with 3 metre cable
- PM700P –PM8500P come with 10 metre cable
- Suitable for salt water applications
- Each unit individually wet-tested to guarantee reliable operation

Construction

- Wear-resistant ceramic shaft ensures long life
- More powerful and energy-efficient magnetic rotor
- Weatherproof transformer
- Thermal protector
- Encapsulated epoxy resin motor ensures safety, reliability and durability

**TWO YEAR
WARRANTY**

“moving water”
