

Performance

SMH Multistage Pumps

Multistage pumps are perfect for providing great pressure in a compact package, and Onga has an unbeatable range for the home. The SMH range offers great efficiency and high pressure in a very quiet package.

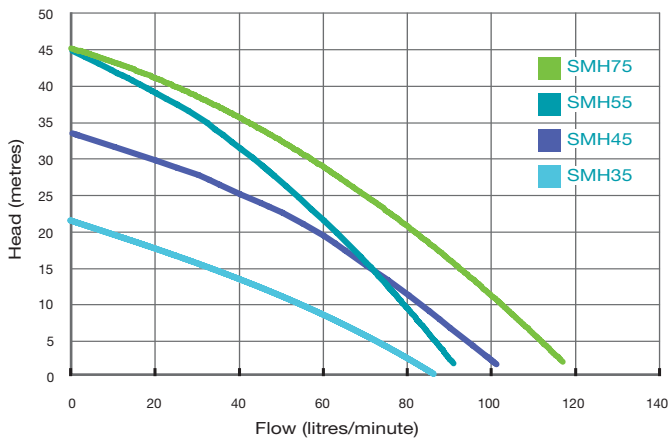

Applications: Manual control of pump for garden watering or water transfer.

SMH350

SMH Pump Performance

SMH Performance Table

Model	Watts P ₂	Suction Depth (Metres) Capacity (Litres per Min)			Port Size (BSP)	
		0	1.5	3	Suction	Discharge
SMH350	350	86	77	71	1" F	1" F
SMH450	450	101	90	83	1" F	1" F
SMH550	550	91	81	75	1" F	1" F
SMH750	750	117	105	97	1" F	1" F

SMHP Range

The SMHP range provides solutions for average sized homes right up to the largest applications. With a highly efficient and super-quiet design, SMHP pressure systems are the perfect match for your rainwater tank. The exclusive Dry Run Over-Temperature Protection (D.R.O.P.) system prevents costly pump damage. Constructed of engineered plastics and stainless steel, these pumps are made to last and last.

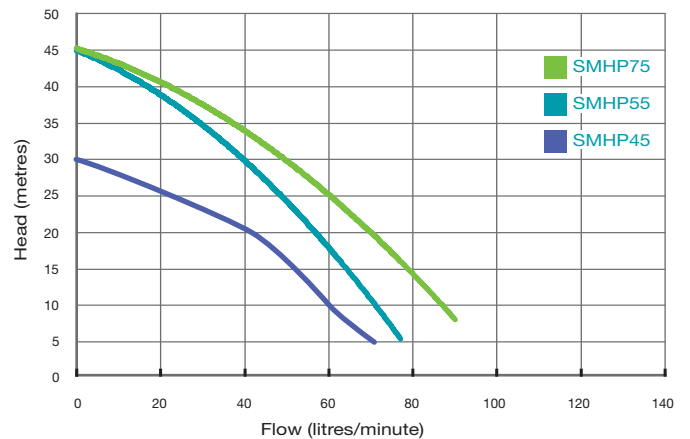

SMHP45

Applications: This is the perfect household pressure pump. Coupled with Presscontrol, these pumps give you a fantastic shower, without annoying pressure and temperature fluctuations.

SMHP Performance

SMHP Performance Table

Model	Watts P ₂	Operating Pressure (kPa)	Suction Depth (Metres) Capacity (Litres per Min)			Port Size (BSP)	
			0	1.5	3	Suction	Discharge
SMHP45	450	140	55	50	44	1" F	1" M
SMHP55	550	140	66	59	52	1" F	1" M
SMHP75	750	140	80	72	66	1" F	1" M

Home Pressure Systems

Onga Homemaster

Household Water Pressure Systems
Multistage automatic pressure Systems

Multistage pumps are perfect for providing great pressure in a compact package, and Onga has an unbeatable range for your home. From the high efficiency, cost-effective SMHP, or the SSHP designed for ultimate strength, to the submersible Dominators, your Onga dealer sells and services a wide range of quiet and powerful household pumps.
